

Let the Journey Begin!

Hello!

We're excited that you're here! If you're ready, the next step is to check your labs and see where things are at. You can start your medical chart by going to the ENROLL NOW tab on our website home page. It takes about 20 minutes.

The last step is to enter your payment information. You can use an HSA, FSA or any major credit card. There will be no charges until your comprehensive labs are drawn (\$299).

There will be no monthly charge unless you decide to begin a protocol with us.

Please check the box that states that you agree to potentially nonsecure communication. (We will never reach out to you through social media regarding your health care!) This will allow you to text your care team directly and send your lab report to your email. After you enroll you'll get a confirmation text from us that everything went through and a link to schedule your labs. We look forward to serving you!

Warm Regards,

Dr. Nimmo
